

DICI
DIPARTIMENTO DI INGEGNERIA
CIVILE E INDUSTRIALE

**UNIVERSITÀ
DI PISA**

Seminars on Electrochemical Energy Storage

February 27 h. 3:30 PM
Pacinotti Room, School of Engineering
Largo L. Lazzarino 1 Pisa

h. 3:30 PM

Daniele Marchisio, Polytechnic of Turin

A hybrid modelling and experimental approach for optimizing Li-ion batteries (and the corresponding production processes)

h. 4:30 PM

Lee Johnson, University of Nottingham

Development of the lithium-air battery
